UNCRC:

16. Protection of privacy

Every child has the right to privacy. The law must protect children's privacy, family, home, communications and reputation (or good name) from any attack.

17. Access to information

Children have the right to get information from the Internet, radio, television, newspapers, books and other sources. Adults should make sure the information they are getting is not harmful. Governments should encourage the media to share information from lots of different sources, in languages that all children can understand.

Parent and Carer Acceptable Use Agreement Policy

Digital technologies have become integral to the lives of children and young people, both within and outside schools. These technologies provide powerful tools, which open up new opportunities for everyone. They can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

This acceptable use policy is intended to ensure:

- that young people will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use
- that school systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk

- that parents and carers are aware of the importance of online safety and are involved in the education and guidance of young people with regard to their online behaviour.

The school will try to ensure that learners will have good access to digital technologies to enhance their learning and will, in return, expect the learners to agree to be responsible users. A copy of the learner acceptable use agreement is attached to this permission form, so that parents/carers will be aware of the school expectations of the learners in their care.

Parents are requested to sign the permission form below to show their support of the school in this important aspect of the school's work.

Permission Form

Parent/Carers Name:

Name(s) of Learners:

As the parent/carer of the above learners, I give permission for my child to have access to the internet and to ICT systems at school.

Either: (PS3 and above)

I know that my child has signed an acceptable use agreement and has received, or will receive, online safety education to help them understand the importance of safe use of technology and the internet – both in and out of school.

Or: (Foundation)

I understand that the school has discussed the acceptable use agreement with my child and that they have received, or will receive, online safety education to help them understand the importance of safe use of technology and the internet – both in and out of the school.

I understand that the school will take every reasonable precaution, including monitoring and filtering systems, to ensure that young people will be safe when they use the internet and systems. I also understand that the school cannot ultimately be held responsible for the nature and content of materials accessed on the internet and using mobile technologies.

I understand that my child's activity on the systems will be monitored and that the school will contact me if they have concerns about any possible breaches of the acceptable use agreement.

I will encourage my child to adopt safe use of the internet and digital technologies at home and will inform the school if I have concerns over my child's online safety.

Use of Digital/Video Images

There are certain activities where the school do not use consent as the basis for processing your child's data. We take photographs/videos of the children for the purposes of recording and tracking pupil progress under the [e.g. Education Act 1996] and compiling evidence for assessment purposes. These are kept in secure locations within the school and destroyed in line with our retention policy. We may also need to share these files with third parties, such as [Insert professionals/third parties who may be a recipient or contributor, if any]. Further details can be found in the school privacy notice.

On other occasions the school may wish to publish photographs and/or video footage of pupils in public documents such as the school prospectus, our social media pages (e.g. Twitter) and website, on display around the school, and in community publications such as local newspapers. All images are published with the strictest regard for safeguarding and child protection, and only with your consent.

The school will comply with data protection laws and request parent's/carers permission before publishing images of members of the school. We will also ensure that when images are published the learner cannot be identified using their names.

Please note that you can withdraw your consent at any time. If you have any queries or wish to withdraw or review your consent, please contact the school.

In accordance with guidance from the Information Commissioner's Office, parents/carers are welcome to take videos and digital images of their children at school events for their own personal use (as such use is not covered by the Data Protection Act 2018). To respect everyone's privacy and in some cases protection, these images should not be published/made publicly available on social networking sites, nor should parents/carers comment on any activities involving other learners in the digital/video images.

Parents/carers are requested to sign the permission form below to allow the school to take and use images of their children and for the parents/carers to agree.

Digital/Video Images Permission Form

Parent/Carers Name: _____ Name(s) of Learner(s): _____

Description of the use of Photographs or Images	Please Tick	
I agree for photographs/videos to be taken of my child during school activities for use <u>on display boards or walls around the school.</u>	<input type="checkbox"/> Yes	<input type="checkbox"/> No
